

It has been brought to my attention my radio station AIR 1 could be forced off the air due to LPFM. My family and friends rely on this station for not only music but spiritual guidance. This station gives our kids a radio station they can relate to without all the rest of the garbage of secular stations. I think our kids today need something positive to tune into. Air 1 is the only station that plays good music with a good message. Please dont take this away from us. Thank You
